1 Abstrakt

Diary is an application designed to keep a diary, as it is known from traditional paper diaries out.

It is possible to specify an installation up to 200 days in books.

Each diary will be up to about 30,000 entries.

By protecting the contents of a password remain secure.

To get the outline of a diary, there is also a diary for each statistical analysis.

2 Menu Navigation

2.1 File

In the "File" menu to find the elementary functions of the application. With "New Diary," a new journal is created, with "Open Diary" is an existing open and newly created Tagbuch, "Close Diary" A journal is closed, the "Save Entry" is an entered entry stored in the diary, with "delete diary "is a diary completely erased. Watch this item "Declaration of Use". "Quit" the application "Diary" is finally finished.

2.2 Edit

In the menu "Edit" to find the functions for text editing. With "cut" a marked text will be cut out, with "copy" a marked text will be copied to the clipboard, with "paste" the text part of the clipboard at the current cursor position is reinserted, with "Delete" is a highlighted text portion deleted. With "Find" dialog box for the search of the text.

2.3 View
